We have some fantastic news to share with you! We are thrilled to introduce a new feature that will add more convenience and flexibility to your travel adventures, in addition to buy miles, we are introducing a new feature for gifting miles to your Friends or Family members which will be available starting 17.07.2023

Gifting miles is not transferring your own miles but buying miles for another member as a gift.

Here's what you need to know about the Buy and Gift Miles feature:

- Eligibility: Members with at least one flight activity in their account can participate in the Buy and Gift Miles program.
- Individual and Head Accounts: Only individual and head accounts are eligible for buying and gifting miles. Sub-accounts are not eligible at this time.
